

cross ur mind

Lyn Lapid

Do you still wear that sweater that you said I could keep?
Do you still like to keep all of your shopping receipts?
Like to talk to somebody when you're falling asleep?
Do you still
Think of me?

Have you been checking in since the day that you left?
Did you mean it when you said that you wished me the best?
Is my name still the weight you can't get off your chest?
I'm just wonderin'

Do I cross your mind?
Much as you cross mine
We're on separate timelines
But sometimes
I wish you were still on mine

Is there a world where we could pick up in the place we left of
f?
Do you think a second chance is a thing that you want?
Can you even think about it without coming undone?
Have you had enough?

Keeping my feelings at bay
'Cause I still feel the same
And it hits me in waves
Like it was yesterday

We're moving at different paces
You know I can take it
All I can think is

Do I cross your mind?
Much as you cross mine
We're on separate timelines
But sometimes
I wish you were still on mine

I wish you were still on mine
