

Guess I'm your new addiction  
Some kind of drug that you can't get enough of  
Like I'm the piece you're missing  
Vital as the air inside your lungs  
Zero to a hundred  
Hundred back to zero all at once  
I feel like something 'bout it doesn't add up

You're lying here in my arms  
Lying straight to my heart  
Say my love's all you need  
But it's so obvious that you don't  
Care where you get your fix from  
As long as you do

I can't fix that about you  
I can't fix that about you

You want the honey without the residue  
You love how sweet it tastes but hate it when it sticks to you  
Chasing adrenaline, I'm not your epinephrine  
You want the fireworks  
Without the fire it takes  
To give your everything to someone, even if you're afraid  
It's a shame that no one gets to win this game

When you're lying here in my arms  
Lying straight to my heart  
Say my love's all you need  
But it's so obvious that you don't  
Care where you get your fix from  
As long as you do

I can't fix that about you  
I can't fix that about you  
I can't fix that, I can't fix that about you

I am not the one  
I am not the one  
I am not the one  
I am not the one  
I am not the one  
I am not the one  
I am not the one
