

keep me around

Lyn Lapid

Only call when it's 3 AM
"Hi"
I
Say I'm tired but I'm back again
Why?
Why
Ring me just to be in your bed
One more
Time
These weren't signs, it was you I misread
"Bye"
"Goodnight"

Walk out the door you're not watching
Turn off the porch light, I bet you think
I'm better to keep as an option

'Cause I would hate to tie you down
Yeah I'm nothing but a
Second thought to have around
Here to drop in
When you call in
Put me away
When my time is up
Kiss me again
Like I'm not enough
To tie me down
But you'll keep me around

I'm
Only yours when you're all alone
Right?
Why
Keep me close when it's just for show
It's all a
Lie

Is this what you wanted?
Deep down you saw me and always knew I was
Better to keep as an option

'Cause I would hate to tie you down
Yeah I'm nothing but a
Second thought to have around
Here to drop in
When you call in
Put me away
When my time is up
Kiss me again
Like I'm not enough
To tie me down
But you'll keep me around

Keep me on the edge
Bet that's what you said
Only time you'll ever call me yours is to keep me around

Keep me on the edge
Bet that's what you said
Only time you'll ever call me yours is to keep me around

Keep me on the edge
Bet that's what you said
Only time you'll ever call me yours is to keep me around

Keep me on the edge
Bet that's what you said
Only time you'll ever call me yours is to keep me around

'Cause I would hate to tie you down
Yeah I'm nothing but a
Second thought to have around
Here to drop in
When you call in
Put me away
When my time is up
Kiss me again
Like I'm not enough
To tie me down
But you'll keep me around
