

I feel your coffee breath
All up on my neck
Is this really how it's supposed to be

And you'll close the door
It'll lead to more
As if to conquer every piece of me

And I have a fear
That I'll stay right here
Cuz you say you like my company

But I have no clue
What I am to you
Is this what we'll ever get to be?

Nobody told me how lonely it feels to be
Young in the 21st century

I just wish I would get with the times but
I'm not cut out to love in the 21st century
