

Automatic Fix

Lynch Mob

I put my headphones on and turn the music loud
I sit and wait until my heartbeat feels the sound
I break velocity, I spiral to the clouds
I take it in and see I'm never coming down

This is my love and law
(My automatic fix)
No other love and law
(Yeah yeah yeah)
This is my love and law
(My automatic fix)
No other love and law

This is my rock 'n' roll
This is my love and all I need
This my rock 'n' roll
(Reality or fantasy)

This is my rock 'n' roll
I hear it calling out to me
This is my rock 'n' roll
No other world I'd rather be

I walk around the streets, my head amongst the crowd
I feel my soul complete, I want to stick around
I talk but nothing speaks much louder than this sound
I hope you get to feel what makes my world go 'round

This is my love and law
(My automatic fix)
No other love and law
(Yeah yeah yeah)
This is my love and law
(My automatic fix)
No other love and law

This is my rock 'n' roll
This is my love and all I need
This my rock 'n' roll
(Reality or fantasy)

This is my rock 'n' roll
I hear it calling out to me
This is my rock 'n' roll
No other world I'd rather be

Ooh! Yeah!

Hear the soul and the heart of our music
Hear the song that lingers in your head
Over and over again, over again
Can you feel it?
Hear the heart beat in rock 'n' roll
Over and over again

This is my rock 'n' roll
This is my love and all I need

This my rock 'n' roll
(Reality or fantasy)

This is my rock 'n' roll
I hear it calling out to me
This is my rock 'n' roll
No other world I'd rather be
