

Jelly Roll

Lynch Mob

Don't do the dishes
I won't sweep the floor
Don't do the laundry
We can leave it on the floor
Don't feed the fishes
I won't wash the stall
Don't die your hair baby
I'm thinking something more

(Wanna take ya)
When I get this feeling never is enough
(Wanna take ya)
Lovin' you is easy I never get enough
(Of you)
Cause I just wanna make love to you, yeah

Don't turn the tube on
We don't need the news
No need for dinner
We can order out for more
Don't paint your toenails
I won't fix the door
No need for champagne
I can shake this all damn more

(Wanna take ya)
When I get this felling never is enough
(Wanna take ya)
Loving you so easy I never get enough
(Wanna take ya)
I'm talkin' about a feeling I can't get enough of you
(Of you)
I just wanna make love to you, yeah

Love love love
I wanna get it baby
Come on, come on, look out

(Wanna take ya)
When I get this felling never is enough
(Wanna take ya)
Loving you so easy I never get enough
(Wanna take ya)
I'm talkin' about a feeling I can't get enough of you

Let's get into trouble
You know what I mean
(Wanna take ya)
And I know what you want
(Wanna take ya)
We can learn everything all today

Lets get in trouble baby
