

The Stranger

Lynch Mob

There's a stranger in your eyes
Crawling in your mind
There's a shadow of a fallen angel
Watching all the time

Living in an endless world
Riding high and burning
Everything she knows
Living in an endless world
Taking anything before we hit the road

Broken dreams now fade away
Building up the rage
With no purpose only limitations
Fear becomes your fate
There's a stranger in your eyes
Crawling in your mind
There's a shadow of a fallen angel
Watching all the time

Living in an endless world
Riding high and burning
Everything she knows
Living in an endless world Taking anything
Taking anything before we hit the road

We are running out of time
In a world we can't deny
Losing all we had inside
When you're living out your lies
When there's nowhere left to hide
Will you turn back to the night

There's a stranger in your eyes
Crawling in your mind
There's a shadow of a fallen angel
Watching all the time

Living in an endless world
Riding high and burning
Everything she knows
Living in an endless world
Taking anything before we hit the road

Before I go
