

## INVINCIBLE

lynch.

Waited for the time being all alone,  
to be surrounded by enemies.  
Break'em down ain't easy but it's worthwhile.

You can't break me down.

Shake me down.  
You can't tame me down with this fuckin' sweet situation.

Let the dreams come true,  
they'er not something to hold till the end.  
Once you make it out then you will find out another dream sprouts.

Let the dreams come true,  
they'er not something to hold in your mind till the end.  
Once you make it out then you will find out  
another dream sprouts again

Hey, shut the fuck up!

Waited for the time being all alone,  
to be surrounded by enemies.  
Break'em down ain't easy but it's worthwhile.

You can't break me down.

Shake me down.  
You can't tame me down with this fuckin' sweet situation.

Let the dreams come true,  
they'er not something to hold till the end.  
Once you make it out then you will find out another dream sprouts.

Let the dreams come true,  
they'er not something to hold in your mind till the end.  
Once you make it out then you will find out another dream sprouts.

Now I don't wanna see you, don't wanna sing anywhere.  
What I need is nothing but an invincible force.  
It's the hardest dream I've ever had at all.
