

That's What Loving You Has Meant To Me

Lynn Anderson

Did you ever watched a youngster's eyes when you gave him his first puppy
Or see a prisoner smile when the warden says you're free
Or a sinner cry with happiness when the Lord just filled his needs
Well that's what loving you has meant to me
Did you ever stand beside someone when you knew that they were wrong
Or watch an acorn grow into a tree
Did you ever have your ship come in when you thought that it was lost
Well that's what loving you has meant to me
That's what loving you has meant to me
If there's such a place as heaven then this is hit for me
I'll never want somebody new when your world ends then mine ends too
That's what loving you has meant to me
That's what loving you has meant to me...
