

Too Much Of You

Lynn Anderson

Too much of you still on my mind thinking of you almost all the time

Missing you since you left me behind I've got too much of you still on my mind

When you left I thought maybe it was best for we disagreed and quarreled all the time

Now I'm not so sure I should have let you go

For I've got too much of you still on my mind

Too much of you...

Without thinking I let you walk away that was a big mistake now I find

You're gone and now I know it's wrong this way

I've got too much of you still on my mind
