

Oe..Oe..Oe..

Lyodra

Come hand in hand and dance with me
What you want ain't nothing new to me
Oe, oe
Baby, we can pave the way
Come hand in hand and dance with me
You can start by calling me baby
Oe, oe
Know that i'ma let you stay

Pertama bertemu mataku terpaku
Lain aurau buat ku tersipu
Caramu berkata buatku merasa
Apa ini dejavu dari masa yang lalu

Tak perlu lagi ragu hanya engkau dan aku
Taklukanlah hatimu mulai cerita yang baru
Tiada kata cemburu hapus rasa malu malu
Nafas jadi satu

Come hand in hand and dance with me
What you want ain't nothing new to me
Oe, oe
Baby, we can pave the way
Come hand in hand and dance with me
You can start by calling me baby
Oe, oe
Know that i'ma let you stay

Apa kata kata kau buatku tak berdaya
Aku terkesima menepiskan segala keraguan
Kamulah yang aku impikan
Lalu rasa apa kau buatku bergelora
Yakinkanku dipelukmu, ikuti langkahmu

Tak perlu lagi ragu hanya engkau dan aku
Taklukanlah hatimu mulai cerita yang baru
Tiada kata cemburu hapus rasa malu malu
Nafas jadi satu

Come hand in hand and dance with me
What you want ain't nothing new to me
Oe, oe
Baby, we can pave the way
Come hand in hand and dance with me
You can start by calling me baby
Oe, oe
Know that i'ma let you stay
