Lyrical Anderson

Yeah you got that California love  
Yeah, ooh, yeah  
Yeah you got that California love  
Yeah, yeah, ooh, yeah  
Yeah you got that California love

I said that I  
I thought that I told you  
I need you on my team  
You got me [?]  
It's your and you know you know  
You lovin' this backside view  
In clear to see what's on my mind

I wanna play  
Don't play no games with your love (Yeah)  
I said that I  
I thought that I told you  
I need you on my team

Yeah you got that California love  
Yeah, ooh, yeah  
Yeah you got that California love  
Yeah, yeah, ooh, yeah  
Yeah you got that California love

Baby, you really can depend on me  
I ain't never ever told a lie  
Can't get you off my mind  
You will [?]  
Stick with me [?]  
Get a horse and we fell so fast  
It's clear you feel some time of way

I need it now, I need it now  
Said I, I need crazy love  
Crazy love baby  
I said that I
