Lyrica Anderson

I'm so gone, boy, you got me lyfted  
Trying not to fall, boy, you got me trippin  
It's different, tempted  
Don't know how you did it  
Different, tempted  
Don't know how you did it

Only 3 days I done fell in love  
I want some dick what you waiting for?  
The towel will come off when I hear that knock  
You a stranger but I do not give a fuck  
I can't stop my heart beat from beatin (oh)  
I can't stop this feelin I'm feelin (ohh waoh)

Usually I wait for I give it up  
But you got me feelin like girl, oh no  
Class out the window I been a hoe  
I told you yes couldn't tell you no

I hope you don't tell none of ma business (hoo)  
I'm not just a chick on your hit list  
(Baby, how I feel for ya)  
I know how it is in California  
Wake up the next day with a new woman  
I fuck witchu and I know that I'm sure  
You ain't gotta ask I'm all yours

I'm so gone, boy, you got me lyfted  
Trying not to fall, boy, you got me trippin  
It's different, tempted  
Don't know how you did it  
Different, tempted  
Don't know how you did it

Got me caught up like I never was  
You da one how you've become the one  
Got me waking up thinking bout your love  
Them other niggas I done cut em off (ah ha ha)  
You say this pussy is quago  
Let's lay it all on the table  
Body shaking up my stable  
You're like a drug more  
Give me give me give me more  
Fill up ma cup more  
Give me give me give me more

I hope you don't tell none of ma business (hoo)  
I'm not just a chick on your hit list  
(Baby, how I feel for ya)  
I know how it is in California  
Wake up the next day with a new woman  
I fuck witchu and I know that I'm sure  
You ain't gotta ask I'm all yours

I'm so gone, boy you got me lyfted  
Trying not to fall, boy you got me trippin
