Mean It

Lyrica Anderson

I want you to mean it
When you say those words
There's too many liars
To many undeserving
The world that we live in
They want you to break my heart
But I don't live the way that they do
And you know you don't have to

I want you to mean it
When you love, when you love me
I want you to mean it
Love, love, when you love me
I want you to mean it
Love, love, oh, when you love me
I want you to mean it
Love, love, oh, when you love me
I want you to mean it

That's my heart on the line, don't you dare cross it
Don't waste my time
When you're far, far away, hope you think 'bout me
Every time
I want you to kiss me
Like the wind on my face, yeah
I don't wanna fall short
Meet me half way
The days are gone
But fall away
I don't know nothing

And you know you don't have to

I want you to mean it
When you love, when you love me
I want you to mean it
Love, love, when you love me
I want you to mean it
Love, love, oh, when you love me
I want you to mean it
Love, love, oh, when you love me
I want you to mean it
