

No Rules

Lyrica Anderson

Yeah

Speedin' when the light turns red, I'm gonna go instead
Don't ask what's going on in my head
In the street, I'ma dance with my radio on blast
Until I feel the rush in my brain

That's just the way the cookie crumbles
That's just the way it goes
That's just the way I rumble, so what?
That's just the way I roll
I dare you to test me, go against me
You wanna get out my space
My way or the highway, I don't play
This is what I claim

There's no rules
No rules
No rules
This is what I named it
No rules
No rules
No rules
This is what I named it

Out against the world, no more is wrong, we bold
They could tell you, "No" but do what you want
Imagining that I'm all alone, free as a bird, I've flown
And landed in my own little world

That's just the way the cookie crumbles (Ooh-oh)
That's just the way it goes (The way it goes)
That's just the way I rumble, so what? (So what?)
That's just the way I roll
I dare you to test me, go against me
You wanna get out my space
My way or the highway, I don't play
This is what I claim

There's no rules

This is what I named it

No rules

There's no rules

No rules
I'm breaking all the rules now

I dare you to test me, go against me
You wanna get out my space

My way or the highway, I don't play
This is what I claim

There's no rules
