

Play Nice

Lyrica Anderson

Kiss up on my body like you supposed to
Every time you come around
I want you to eat it like it's kosher
Take a breath, you're going down
I'm not leavin', who you wanna play?
Simon says I gotta have my way
Lips up on it, do you like the taste?
Who told you you could take a break?

I, I, I, I better play nice
I, I, I, I, just the way I like
I, I, I, I better play nice
I, I, I, I, just the way I like

I love your confidence, please
Don't play no games, it's evident
You got me, and boy, I've never
Had someone, who loves me like you do
Who loves me the way you do, so I

I, I, I, I better play nice
I, I, I, I, just the way I like
I, I, I, I better play nice
I, I, I, I, just the way I like

Better play nice
Just the way I like
