

Unfuck You

Lyrica Anderson

Yeah I'm sittin' there starin at my clock, thinkin bout you
Doin' all this bullshit I don't even do like
Waitin late night for you to come through
I'm over here trippin', why you actin brand new?
Why you actin brand new? Ah, ah, yeah-yeah
Actin brand new, why you actin brand new?
Why? Oh baby oh baby

I, I wish that I could unfuck you
I, I wish that I could unfuck you
Cause boy you don't deserve my love, love
Boy you don't deserve my love, love
Boy you don't deserve this love, love
Boy you don't deserve this, boy you don't deserve this

Got my panties on, yo t-shirt on, our favorite song yah-ah
But you took too long, you know you're wrong
It's too late to rewind
You're always on my mind, but I can't waste my time
I know you want my body, but it's too late to rewind

I, I wish that I could unfuck you
I, I wish that I could unfuck you
Cause boy you don't deserve my love, love
No you don't, no you don't
Boy you don't deserve my love, love
No you don't, no you don't
Boy you don't deserve this love, love
No you don't, no you don't
Boy you don't deserve this, boy you don't deserve this

Uh, you say I don't deserve it uh, but you know I'm worth it, y
ea
You know I-
I got mo money than that weak ass nigga you fuckin with, girl
You know what it is, why you actin brand new? Why you actin bra
nd new?
Used to hit me late night like, "come through, I wanna see you"
But now you say you wish you never met me at all
Wish you could take it all back, girl

I, I wish that I could unfuck you
I, I wish that I could unfuck you
I, I wish that I could unfuck you
I, I wish that I could unfuck you
I wish that I could take it all back again
I wish that I could take it all back
