Sometimes you be deadass wrong bruh  
Even when you lying through your teeth mane  
I be live it got me got melting in your palm yea  
I don't know why I fuck with you  
It's like you change up every weekend  
Keep me coming back for more  
I'm at your door  
Got me damn near on my knees babe

When I'm packing up my bags it's just pretend (Oh I)  
Don't know why I want to stick around and waste my time  
Locked in like a federal offense  
Must be the D  
Don't know what it is

Cause you're bad at love and you bad at the truth (oh why)  
I don't know why I fuck wit you  
I don't know why  
Cause you're bad at love and you bad at the truth (oh why)  
I don't know why I fuck wit you  
I don't know why  
I don't know why I keep on coming time and time again  
When you're no good for me babe (no-no-no good)  
Cause you're bad at love and you bad at the truth (oh why)  
I don't know why I fuck wit you

I don't understand why I mess with you  
You're always texting on your phone  
Turn it away from me  
So I can't see who's on it  
Probably out there with them hoes  
I don't know why I fuck wit you  
I mean this shit don't even make sense  
It's like you got me under some kind of spell babe  
It's like I can't snap out of it

When I'm packing up my bags it's just pretend (Oh I)  
Don't know why I wanna stick around and waste my time  
Locked in like a federal offense  
Must be the D
