

# First Night

## Lyrical Lemonade

Come and let me teach you how to sing  
Oh, you didn't know that I could sing?  
Old girl know that I can sing  
The whole world knows that I can sing  
It's all about me, me, me, me, me, me, me  
Me, me, me, me, me, me, yes  
Somebody help me sing  
Somebody help me sing about me

Let a nigga hit it on the first night  
I just wanna fuck, I'm not tryna fall in love  
Gon' let a nigga hit it on the first night  
I'ma real nigga, you know I would never judge  
Gon' let a nigga hit it on the first night  
Nigga hit it, gon' let a nigga hit it  
Gon' let a nigga hit it on the first night  
Let a nigga hit, gon' let a nigga

Told her do it for the gang  
I'm like, baby, whatcha doing? Uh, come and do it, uh  
Money coming fluent, uh, it influence her  
I can run into it, uh, run into it, uh  
She like, "Nigga, if you lucky you can come and view it," uh  
I'm like "Baby, what you mean?"  
I might pull up to the scene  
She like, "Nigga, how you do it?" I might beat it, Billie Jean  
Yeah, she a real one, when I tell her dip, she finna leave  
I'm a rich one, when I'm in the whip it got no keys  
Swearing that I'm weak, I be prayin' before I eat  
I keep God on my side, nigga playing like it's sweet  
Keep the fye in a bag if a nigga actin' street  
If a nigga wanna try me, we can push up where he sleep

Let me get my verse right, hit it on the first night  
Grippin' on her ass like white women grip they purse tight  
If it's gettin' cash then, my nigga, it's a birthright  
Hit it once, hit it twice  
End it for the third strike  
I be a thief in the night, I'll steal anything but some pussy  
Gotta keep it P 'cause you know this game ain't built for rookies  
All of these shows gon' overbook me, I know where the O's at  
Look at these broke lame niggas askin', "Where the hoes at?"  
"Can I get a dub?"  
Naw, dawg, getcho money up  
"Girl, where my hug?"  
Listen, dawg, she don't fuck witcha  
Only deal with real rich niggas and some hustlers  
I see whatcha thirst like, when it comes to me she'll

Let a nigga hit it on the first night  
I just wanna fuck, I'm not tryna fall in love  
Gon' let a nigga hit it on the first night  
I'ma real nigga, you know I would never judge  
Gon' let a nigga hit it on the first night  
Nigga hit it, gon' let a nigga hit it  
Gon' let a nigga hit it on the first night  
Let a nigga hit, gon' let a nigga

Rest in peace Miggy two times  
Lyrical Lemonade

You know  
One night stands are alright  
But love is the greatest  
Having sex on the first night is cool  
But we can wait  
It's so much love in this world  
Take your time  
Ask questions first  
Let's talk  
It's so much respect in the air  
Don't worry about it  
But you can fuck too if you want  
But don't feel like you got to  
You don't got to
