

## Love Is All

M. Craft

In the light of the morning  
It all comes so clear  
Either I should be there  
Or you should be here  
That is all

I was lost in the distance  
I've been through the wars  
I am done with resistance  
I am only yours  
That is all

Together we'll rise  
Together we'll fall  
My darling  
Love is all

When it seems in the oceans  
I stand at the shore  
When it comes from the mountains  
I climb Evermore  
That is all

Together we'll rise  
Together we'll fall  
My darling  
Love is all

In the still of the evening  
The shadows draw near  
Either I should be there  
Or you should be here  
That is all

Together we'll rise  
Together we'll fall  
My darling  
Love is all
