

Dishonourable

M Huncho

Huncholini the 1st

I count all my friends, it's good when there's less
Pull up around 1, they're under arrest
Don't care for the rest, I know about text
The stu' is a trap, the trap is immense
I heard Nipsey died, I was in shock
Why do you think huh?
It's always the real that pass away first
Mind how you live huh
I had some folk always around me, can't let them in
And I know trust, I can't trust her, she bends at the sink
I stay reserved, stay on the low, Gustavo Fring
Did it for finer things
I want some nicer things
Look at the price of things
Walk in the bando we rise and shit
I made the honour roll
Bitch I'm on a roll
Running towards my goal
I'm trying to get a Beyonce nose
So we can celebrate goals
'Til money, it rains it pours
They let me, I broke down the doors yeah

I wasted so much time giving energy to all of these dishonourable people
All of these dishonourable people
All of these dishonourable people, yeah
I made the honour roll
Bitch I'm on a roll
Bitch I can never fold
No no, I can never fold
I made the honour roll
Bitch I'm on a roll
Bitch I can never fold
No no, I can never fold

I put the rose on my left hand
I put the white on the right
And I try stay out of sight
I'm tryna stay out of mind
They tryna bite on my sound
If rap doesn't ever work out
I'm gonna resort to them pounds
I'm gonna resort to them, pounds and cookies
I might just smoke on the zushi
I'm usually nice don't push me
You can enquire for bookings
If rap doesn't work then I'm looking for dope so get at me, yeah
I came from a bad place, I'm tryna be happy, yeah

I wasted so much time giving energy to all of these dishonourable people
All of these dishonourable people
All of these dishonourable people yeah
I made the honour roll
Bitch I'm on a roll
Bitch I can never fold

No no, I can never fold
I made the honour roll
Bitch I'm on a roll
Bitch I can never fold
No no, I can never fold

I made the honour roll
Bitch I'm on a roll
Bitch, I can never fold
No no, I can never fold
I made the honour roll
Bitch I'm on a roll
Bitch, I can never fold
No no, I can never fold
