Hunch got the jubba, it's tucked  
Hustlin' from time I used to jump on the number 6 bus  
Now it's back to the roads where I been graftin'  
Pettite brown ting, now I'm pimp walkin'  
Uh, seen her at the rave, yeah, she's been watchin'  
4 man tried a ting but she's done talkin'  
So I pull up, this is live from the gutter  
Knife with no butter, poke and its proper  
See the big boy and lil boy waan stutter  
See the big boy and lil boy waan stutter  
Enough, I ain't got time to waste  
Persian rugs in my place, yeah, yeah, yeah  
I pree opp boys I got a dossier  
From the youngers, straight up to the boss-yeahhh  
Sat ups here and theres, couple piss takes, yeah  
Baby leave these nerds, you need a risk taker  
You need a risk taker, we need to get paper  
Uh, goddam, we need to get paper

Elevation, elevation all  
This year's about elevation  
Medication, medication  
Big spliff got me all meditating  
Elevation, elevation

Medication, medication  
Big spliff got me on meditating

You need a risk taker  
No BB, but I'm a brick breaker, move maker  
Get the grub give it straight to the baker  
Gear shifter  
'Cause we came up off a 1 O'  
Ammo all around me like a gun store  
Been up on these roads until the sun goes, now it's sun up  
Need to bag this box up, no time for turn up  
Had different energies standin' right next to me  
Claimin' they're my brothers but really, they ain't feelin' me, silly me  
Old school, slide round with agility  
Old school, slide round with Gilly G  
Who cares if these brothers ain't into me?  
I can't name a thing that these people ever did for me  
Elevatin', cloud 9  
Look what the spliff just did to me  
Old friends are history
