M Huncho

Don't tell me you love me when you really don't  
My youngin got fired, can't be lookin' bored  
You can do some checks, they can always vouch  
I ain't let them down, came up from the clouds  
Buy another house, shopping for a couch  
All they do is play, I don't wanna play (I don't wanna play)  
Bought a new Piguet (Bought a new Piguet)  
Time will never wait (Time will never wait)  
Everything change  
They say that they love you, I know that they fake  
The things that I've seen  
The risks that I took, the risks they don't take  
Christian Dior, Audemars plain  
The pinky a crane, I flooded the chain  
Audemars plain  
This the new age  
Shit will never change

I flooded the chain  
This shit like a lake (Splash, splash)  
We runnin' the game (Runnin' the game)  
You pressin' the brakes (Pressin' the brakes)  
She lovin' the fame (Lovin' the fame)  
I'm hidin' my face (Hidin' my face)  
I'm here with the woes (Here with the woes)  
That shit never change (Ooh, ooh)  
I'm back on the mains (Back on the woo)  
I'm back in the lanes (Back in the woo)  
I'm servin' them bricks (Servin' the ooh)  
But this ain't cocaine, nah  
I'm surfing the waves  
They know why I came (Know why I came)  
The pinky a crane (Ice, ice)  
It look like a lake (Gone)

Take a plane, I tour the world  
I came to work, my seat's in first  
Dirty hands, I clean them off  
I'm in the Tesla, fightin' 'em off  
Fight my demons, toe to toe  
36's hot to go (Yeah, yeah)  
May God forgive (Yeah)  
But I'ma get to all of this  
Pedal to the metal, I don't drive no stick  
White, brown, green, got three, take your pick  
I'm gonna buy a second home for the fam, I gotta do it (Go)  
We gotta make it outta here, for the guys, I'm gonna do it  
Bitch, it's a must that I get right to it (Bitch)  
Panamera for ya, flex how I do it  
G-Wag, Melrose, how I do it  
Straight goals when I come to the ends  
And they're shocked and they ask "Huncho, how you do it?"  
Uh, I'ma tell you how I did it (Gone)  
Didn't take part in no gimmicks (No way)  
Trap house, always vacant (Trap)  
Baggin' up with precision (Let's go)  
This year, you can't come and disturb my peace 'cause I put 'em on mute

Gullible pricks, they're the type to sit down with their tea and believe all the news  
I was OT with the whole gang, tryna get rich, had the Z in my shoe (Let's go )  
Now I get paid for the whole week, buying my son new-season too

I'm with the gang (I'm with the gang)  
I'm with the whole motherfuckin' gang  
How far we came (How far we came)  
You know the real niggas never change  
Fuck all the fame (Let's go)  
You know the real niggas never change  
Flood out the gang (Flood out the gang)  
You know the real niggas never change

I flooded the chain (I did the chain)  
This shit like a lake (Shit like a lake)  
We runnin' the game (Runnin' the game)  
You pressin' the brakes (Pressin' the brakes)  
She lovin' the fame (Lovin' the fame)  
I'm hidin' my face (Hidin' my face)  
I'm here with the woes (I'm here with the woes)  
That shit never change (Ooh, ooh)  
I'm back on the mains  
I'm back in the lanes  
I'm servin' them bricks  
But this ain't cocaine, nah  
I'm surfing the waves  
They know why I came  
The pinky a crane  
It look like a lake (Gone)
