Gone

M Huncho

Ooh, ooh
Ooh, ooh-ooh, ooh-ooh, ooh-ooh, ooh, ooh
Ooh, ooh
Ooh, ooh-ooh, ooh-ooh, ooh-ooh, ooh, ooh
Spendin' all my time on my own
All this fuckin' money, all these fuckin' women
Fuckin' all these women on my own
Everybody that I love is gone
Gone
Everybody that I love is gone
Gone, woah, ooh-woah, ooh-woah, ooh-woah, oh
Gone, woah, ooh-woah, ooh-woah, ooh-woah, oh
Gone, woah, ooh-woah, ooh-woah, ooh-woah, oh
Gone, woah, ooh-woah, ooh-woah, ooh-woah

Some people that I love, they weren't down to ride
So I bought a fuckin' pistol, so that I can be alright
Some people that I love, they weren't down to ride
So I bought a fuckin' pistol, so that I can be alright

Got a Nina on my side
Workin' overtime, now, I'm out here till it's five in the mornin'
God give me life, God give me strength
It's the perfect time, yeah, to leave this all behind
Had the bitch that say she loves me, she really doesn't
All my diamonds sparkle, Megan Markle, wrist a Duchess
Ten bricks comin' to the dungeon
Gettin' so impatient, just be patient, you'll see success
When you have all that money, what you do with it? (What you do with it?)
Spend it on some dumb shit, what you do with it? (What you do with it?)
Put mine down to the side, yeah, so I'm cool with it (So I'm cool with it)
There were moments when I felt that I would lose it (Lose it)
But I stayed firm and I stuck by my blueprint (My blueprint)
The other day I ran into some old piss
They asked me how it is and how I do it
I told 'em that my life is just a movie
When you see me, just salute me
I was lookin' for acceptance
'Cause everybody that I love is gone (Gone), gone (Gone), gone (Gone)

Some people that I love, they weren't down to ride
So I bought a fuckin' pistol, so that I can be alright
Some people that I love, they weren't down to ride
So I bought a fuckin' pistol, so that I can be alright

Gone, woah, ooh-woah, ooh-woah, ooh-woah, oh
Gone, woah, ooh-woah, ooh-woah, ooh-woah, oh
