M Huncho

For all the good lads, flippin'
Obviously I had to send a voicemail before everyone's
Doing their new year antics or whatever gettin' drunk
Mashing down gyal, whatever you wanna do
But, yeah 2019, good year
Made some movements, but that's done
That's behind us, 2020 that's what we're lookin' at
Mans here to takeover
Yeah, mans here to make bare money
All this kinda stuff
Quincy, best producer, no one can chat to you
Quincy Tellem
The wolrd just don't know yet
Next year they gonna know
Huncho, next year, more music, more bangers
People gonna know, what's good, what real music is, what artistry is
So, you get me? Let's all start thinking about
How we gonna tap this new year and takeover 'cause we got all the tools do i
t
Everyone in this group chat, I want everyone's life to change, I want everyo
ne to be rich
Do you get what I'm sayin'?
So, 2020, I'm hungry, I'm on anything like
I'm... listen, like... I'm on... like... mans willing to die for this
So, you get me?
2020, more money, more success
Just have to maintain the grind and keep it pushin'
Mans... listen mans gonna travel the world
And mans gonna make music everywhere
Mans gonna let everyone know what's good
So yeah, just think about that man...

And it's gonna get brazy
This shit so hectic

Willing to die to make a change (Change, change)
Been through too much shit, I can't sit down and wait
When I gotta go get, fake friends won't witness this
Got five cards all debit
We can never run off credit
I'm willing to die for this

We came from nothing, scale and onions, that was my kick
End of the year tryna mind my biz
Run just one up and me and my guys so rich
Came a long way tryna hide the bricks
2020, ah, I got my vision, I got my mind so clear

I can fill up two damn bricks in a rucksack easy (It's easy)
And I kick with no [?]
If she entertains you then she ain't my lady, nah (My lady, nah)
And I always got that sack, call me Brady, ah (Always got that sack, call me
Brady)
And I used to put the bricks in the [?], that's pretty, ah

This shit so hectic (Ah)

And it's gonna get brazy
This shit so hectic (Hectic)
But they didn't get the message, nah (Nah)

Police always fuckin' catch me when I'm in hurry, go and switch the gear
2020, there's no police behind me and the 'Rari got a seventh gear
Pull up lookin' all sophisticated that they got no option but to stare (Look
)

And I'm gonna go so hard if it's not the fam then I got no care (Yeah)
You can come look in my eyes, deep in my soul, I'm hungry for more
I got no times for lies, I knew you a fake, so I closed the door
When I was down on the floor and I was ignored, now watch me ignore (Now watch me ignore)
I'm ignoring you all

Willing to die to make a change (Change, change)
Been through too much shit, I can't sit down and wait
