

Speak No Evil

M Huncho

See no evil (See no evil), speak no evil, hear no evil
See no evil (Swae got the trap spot booming)

Speak no evil, never hear no evil
Four one litre, it's a petrol
And I'm smoking gas in it and I'm moving fast with it
Always top of the class, Chrome Hearts on the rose
Louis V when it's class (Yeah), money came (Yeah), now it's gone (Ooh
)
Packs gone, money come, count it up from the bar
Every whip, push to start
I bought a crib, what a start
Yeah, you can't even think about a yard
Yeah, healing from all these fucking scars (Healing from all these fu
cking scars)
Praying for all the ones who gone (Praying for all the ones who gone)
I can't keep up with no facades (I can't keep up with no facades)
Rather, this ain't no mirage (Rather, this ain't no mirage, ha, ha, h
a)

Half a million in cash on the bed, what you think? (Cash)
Got a bad little bitch in some Mink, what you think? (Cash)
Talking on the net, what you think is gonna happen?
What you think? (What you think?)
Pull up with the grr, what you think?
Hundred on the left wrist (Ooh)
And a toast loan to make my necklace (Yeah, yeah, yeah, yeah)
Mask in the bed, but I ain't fencing (Nah, nah, nah, nah)
And all these rappers crave attention
Keep me out your mentions, pussies (Pussies)
Go and stack your pension, pussy (Pussy)
I'm a veteran in the game, I ain't no rookie (He ain't no rookie, yea
h)
Validation, I don't need from these people, see no evil

Speak no evil, never hear no evil
