

# That Ain't It

M Huncho

See me with cap on, but this ain't no cap  
My life ain't no cap, I'm still dodging rats  
Racks in the safe and that's facts  
Fax with no printers, she know's I'm a sinner  
I'm a gorilla, name somebody realer  
That's 48 Hours I dropped in the summer  
And I'm weighing the winner, I'm due to get realer  
I'm feeling like MJ, I'm stuck in this thriller  
I feel like a squirrel, I got this trench realer  
Bitches are natural, she got no filler  
I fill up her lip with my dick in the villa  
It's pissing me off, everyones comparing  
Fuck all your rating's, I'm still underrated  
Fuck all this music, I'm still undefeated  
In it to win it, I ain't with no sharing  
Share with my partners, that's bitches and liquor  
I'm not with the sipping, I'm sipping a bigger  
Lend me some money, that' realer  
Made us a couple figures  
They don't BI, I figured  
That ain't it it chief, that ain't it chief

In the T house drinking Tetley, but they miss me  
Miss me with all of the bullshit  
I just missed the feds, I had a full brick, yeah, yeah  
I just missed the feds, I had a full brick  
Miss me with all of the bullshit  
Just missed the feds, I had a full brick, yeah, yeah  
Just missed the feds, I had a full brick

Any [?] veggies, I kept at least 10  
Used to them losses, just learnt how to win  
People ain't happy for me and my wits  
I'mma stay grinding, yeah, I stay the king  
Ain't got no ming, drugs by the sink  
Can't waste my time dreaming the dream  
Tree's in my pocket, that's no Mozarella  
My bitches so natural, she got her titties  
Local, the local, the local drug dealer  
Get me somebody who's realer  
Maybe somebody who's chiller  
I'm cool, I'm cool like a chiller  
I'm mixin', I'm mixin', I'm mixin' margiela  
Eye for an eye, two for a two's  
Speak with all the real smokers, zip in the booth  
While I make her my crossers, somebody that's rude  
I can't be nice, nah we ain't cool

Miss me with all of the bullshit  
I just missed the feds, I had a full brick, yeah, yeah, yeah  
I just missed the feds, I had a full brick  
Miss me with all of the bullshit  
Just missed the feds, I had a full brick, yeah, yeah  
I just missed the feds, I had a full brick  
I just missed the feds, I had a full brick  
Just missed the feds, I had a full brick  
Weren't to the yard, done a full make

Left out the yard
