

TRAP ACADEMY

M Huncho

Cuttin' through the ends, watching out for dem'
I got way too much motion, can't joke foreal
Woke up in the T, throw in shoes I need to clean
Times when I was solo, I was besties with a fiend
I get twenty in one go, huh, that's a trappers dream
Woke up and I had bands, shit, went right back to sleep
And no names on the guest list, just the family
I've been wearing all the same clothes
Need to change the T
I've been in the same place too long
Need to change the T
I've been running schools nowadays, aah, trap academy
I got way for some mums, aah, resting finally
And I'm straight back to the money cause this money never sleep
s

Yeah, this money never sleeps
Put my all into this, this was never for the weak
Change the pine every week, back to snapping on a B
I ain't waiting on no money, get a back and then I leave
Riding dirty in the whip and I'm listening to Veeze
You might see me I'm in mish', always ready talking G's (cash)
Yeah, different year, different dream
Different cars, different speeds
All them hoes on jean, I swear
All them hoes on cheap, different cars, different speeds
And I'm going down speedin', I swear (I swear)
And I'm going down huh
And I'm going down huh
And I'm going down speedin'

Cuttin' through the ends, watching out for dem'
I got way too much motion, can't joke foreal
Woke up in the T, throw in shoes I need to clean
Times when I was solo, I was besties with a fiend
I get twenty in one go, huh, that's a trappers dream
