

JESUS

M.I.A.

When you think m.I.a is done
And Satan puts a full stop
God puts a comma and says
"To be continued."

Oh Jesus
Oh Jesus
Set me free
Set me free

I fight rulers of darkness
The diabolic and heartless
I didn't start this
But my fires light the bridges
To where God is
God said let there be light
In the name of Jesus
I command the devil to leave you right now

Oh Jesus
Oh Jesus
Set me free
Set me free

Sword in my palm
My angels are arms
My mind body spirit is calm
When God speaks I downloaded the psalm
I take by force what is mine
What is divine
Ain't nobody gonna mess with it this time
I can not retire
It's time for me to re-fire
And fight for my Eden and everything I desire

Oh Jesus
Oh Jesus
Set me free
Set me free

I spend my day praying and fasting
Just to find the everlasting
Demons are masking
Set me free that's all I'm asking

Set me free
Make me clean
Bury all the things that I have seen
Let go of all the things I've been
Release me

This vision is not a dream
What I seen it makes me scream
I'm free
Please don't ever leave me

Oh Jesus

Oh Jesus
Set me free
Set me free

Oh Jesus
Oh Jesus
Set me free
Set me free

I know I gotta change
I don't wanna die in chains
I wanna find the everlasting
Even if saying Jesus is the last thing
Jesus is the last king

Oh Jesus
Oh Jesus
Set me free
Set me free
Oh Jesus
Oh Jesus
Set me free
Set me free
