

The Masquerade

Mélée

Do you feel like someone's following you?
They're just waiting for you to make a wrong move
You keep running, but there is nowhere to hide
Let me show you a place where you can leave it behind

Just wake up, the night is on your side
It's on your side, tonight is on your side

Welcome to your big debut
We're putting on the real you
See your side you never knew
Dancing with your dream come true
Shine tonight, you've got all the time
Come on out and join the masquerade

Do you feel like someone is screaming inside?
Like their hungry for something out of your mind
Let the moonlight pull you out of your skin
Let it cloth you in diamonds and let you in

Just wake up, the night is on your side
Just come with me, tonight is on your side

Welcome to your big debut
We're putting on the real you
See your side you never knew
Dancing with your dream come true
Shine tonight, you've got all the time
Come on out and join the masquerade

Do you know what it feels like?
Do you know what it feels like?
Do you know what it feels like?

Do you know what it feels like?
Do you know what it feels like?
Do you know what it feels like?

Welcome to your big debut
We're putting on the real you
See your side you never knew
Dancing with your dream come true
Shine tonight, you've got all the time
Come on out and join the masquerade
