

Wedding Dress

Mélée

Hey Melody!
Won't you hold your Wedding off for me
For a day or a week, a month or maybe just indefinitely

Now it's time
For you to find a different shade of white
To match the colors of the fresh regrets of love that's left, that drove you back last night

Don't say I do, you know you don't
Don't say I will, you know you won't
Don't make me shout out my objections
Don't say I do, you know you don't
Let's end this mess and get you out of that, out of that, out of that
Wedding Dress

Oh now, let's review the facts
You hid the key under the 'Welcome Mat'
You had me tied up with a blind fold, choke hold lies left untold
Look who's crawling back (look who's crawling back)

With your latest alibi
I think that you believed it all this time
Now if you had a clue than why did you just wake up at my side

Don't say I do, you know you don't
Don't say I will, you know you won't
Don't make me shout out my objections
Don't say I do, you know you don't
Let's end this mess and get you out of that, out of that, out of that
Wedding Dress

From dusk til dawn
You'll sing this song
In the company of another (company of another)
Now don't forget who you have left
You can count on me to blow your cover

Don't say I do, you know you don't
Let's end this mess and get you out of that...

Don't say I do, you know you don't
Don't say I will, you know you won't
Don't make me shout out my objections
Don't say I do, you know you don't
Let's end this mess and get you out of that, out of that, out of that
Wedding Dress
Let's get you out of that Wedding Dress
Come on girl, get you out of that Wedding Dress
