

## New Song

Måneskin

Oh, this is more than I'm missing  
I'm feeling ridiculous  
This is more than a dissing  
So shut up and listen  
Now I've got more that you dream it  
So stay with your prisoners  
Yes, I got something to teach ya, baby

But let me tell you something, baby  
I just wanna hold you close tonight  
And I wanna live just you and I  
Baby, I just want you close tonight  
Baby, I just want you close tonight  
And I wanna live just you and I  
Baby, I just want you close tonight  
Baby, I just want you close tonight  
But let me tell you something, baby  
Baby, oh

You got me trapped in your mind  
But tonight I won't be yours  
You got me trapped in your mind  
But tonight I won't be yours  
Tonight I won't be yours  
Tonight I won't be yours  
Tonight I won't be yours, baby  
You got me trapped in your mind  
But tonight I won't be yours  
You got me trapped in your mind  
But tonight I won't be yours  
Tonight I won't be yours  
Tonight I won't be yours  
Tonight I won't be yours, baby

Oh, this is more than a kiss for me  
You left me with no breath  
And I'm feeling so bad for you  
I'm feeling so bad  
You were lying in front of me  
Naked in your bed  
No, I got something to teach ya, baby

But let me tell you something, baby  
I just wanna hold you close tonight  
And I wanna live just you and I  
Baby, I just want you close tonight  
Baby, I just want you close tonight  
And I wanna live just you and I  
Baby, I just want you close tonight  
Baby, I just want you close tonight  
But let me tell you something, baby  
Baby, oh

You got me trapped in your mind  
But tonight I won't be yours  
You got me trapped in your mind  
But tonight I won't be yours
