

Read Your Diary

Måneskin

Brought you some roses, you didn't take them
So I shed a tear
Pouring some champagne over your panties
So that we can cheers
Counting the hours
Counting the seconds
'Till I can feel your bones
There is a diamond on your pillow when you're coming home

Come on, I've been waiting
So long, it's true

Dance in your shoes
Read your diary to
Get inside of you, you, you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you, you, you
Forever and ever and ever
I was dancing in your shoes
When I read your diary to
Try to get inside of you

Put on your lipstick, show me your kinks
I'm not afraid of them
Show me the lovin', the lovin', the lovin' that you'll never give to a man
I'm not a coward, I'm not a hero
But I can be your toy
I'll be the pill
That you wanna swallow
When you're looking for the joy

Come on, I've been waiting
So long, it's true
Dance in your shoes
Read your diary to
Get inside of you, you, you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you, you, you
Forever and ever and ever
I was dancing in your shoes
When I read your diary to
Try to get inside of you

Oh, why don't you give a little love now baby
A little bit of love
Alone
In the shower
Using my left hand so it feels like you
So please
I'm begging to feel something new

Dance in your shoes
Read your diary to

Get inside of you, you, you
Forever and ever and ever
Cried on your nudes
Wearing your perfume
Now I taste like you, you, you
Forever and ever and ever
I was dancing in your shoes
When I read your diary to
Try to get inside of you
