

## Thrash or be Thrashed

M.O.D.

I've seen enough  
I just can't take it  
Why don't you mosh  
Or have an epileptic fit  
You stand there like you're at a parade  
Call this your scene  
But you're the one who betrayed  
Got your feet glued to the floor  
Just there and thrashed some more

You're the fuckup, a dick to the extreme  
It's people like you  
Who make me want to scream

Thrash or be thrashed
