

## For A Minute

M.O

When you've only known me for a minute  
Yeah you've only known me for a minute  
When you've only known me for a minute  
Yeah you've only known me for a minute

At the start you were cool  
Moved too fast, it fell through  
You presumed way too much  
No more games, you're out of luck

Your compliments they made me smile  
But it's too much all the time  
And all the rings, they were nice  
But they're not worth the price

Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dining, showing cash  
All of that is there just to please the eye  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night

When you've only known me for a minute  
Yeah you've only known me for a minute  
When you've only known me for a minute  
Yeah you've only known me for a minute

Stop, now change it up  
Truth is baby I don't really give a...  
See your chat, it winds me up  
Let's be real, it's not enough  
I really thought that you could change  
But all along you stayed the same

So give it up cause I ain't gone give it up  
So give it up cause I ain't gone give it up

Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dining, showing cash  
All of that is there just to please the eye  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night

When you've only known me for a minute  
Yeah you've only known me for a minute  
When you've only known me for a minute  
Yeah you've only known me for a minute

Over, over and over  
Boy I said it's over, over and over

So give it up cause I ain't gone give it up

So give it up cause I ain't gone give it up  
So give it up cause I ain't gone give it up  
So give it up cause I ain't gone give it up

Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dining, showing cash  
All of that is there just to please the eye  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night

Stop, don't be too quick to judge me  
I'm not easy just to take for a ride  
Wine and dining, showing cash  
All of that is there just to please the eye  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night  
You ain't got me, got me, got me, got me  
You won't win, I ain't staying the night
