

First things first, let me tell you how it is, oh
Here to learn, do you think that you can handle me?
Before you lay your head to sleep, think of me

Feelin' like a chain reaction, I feel it happenin'
Number one, and it's going platinum
Tonight, oh yeah, get ready tonight

Goodbye, goodbye, goodbye, my love
Tonight, tonight, tonight, my love, oh-oo
Oh-oo

Break it up, backin' up on ya
Break it up, backin' up on ya
Break it up, backin' up on ya
Up on ya, up on ya
Even you think you don't wanna
'Til you can't take it no longer
'Til you can't take it no longer
No longer, no longer

Back and forth, we'll be breaking on the handles
Through the doors, as we move through different levels
We, we take it higher, through the heat, make it sweet

Feelin' like a chain reaction, I feel it happenin'
Number one, and it's going platinum
Tonight, oh yeah, get ready tonight

Goodbye, goodbye, goodbye, my love
Tonight, tonight, tonight, my love, oh-oo
Oh-oo
Goodbye, goodbye, goodbye, my love
Tonight, tonight, tonight, my love, oh-oo
Oh-oo

Break it up, backin' up on ya
Break it up, backin' up on ya
Break it up, backin' up on ya
Up on ya, up on ya
Even you think you don't wanna
'Til you can't take it no longer
'Til you can't take it no longer
No longer, no longer
