

Wait Your Turn

M.O

Uh uh uh uh uh
Uh uh uh uh uh
Uh uh uh uh uh
Uh uh uh uh uh

This is how it started out
Singing songs, creating sound
Don't worry 'cause I am on my way
Love to hear them haters talk, it's 'cause they can't walk my walk
Don't get up unless I'm getting paid

Watch and learn, don't get in my way
Had to earn what I got everyday
Watch and learn, don't get in my way
Had to earn what I got everyday

Ohh ohh-ohh ohh-ohh ohh-ohh
Ohh ohh-ohh ohh-ohh ohh

Wait your turn
Bringing down a supernova
(Wait your turn)
Don't let them get in your way
(Wait, wait your turn)
Got to get there 'fore it's over
(Wait your turn)
Try not to get in my way
Even when I play, I don't play
Act like you only get the best of me
Hope got away then you'll see
That I'm gonna do what's right by me

Uh uh uh uh uh
Uh uh uh uh uh

Why can't we all get along?
Can't do that it would be wrong
Motivation, need it all the way (ay ay ay)
Like to speak up on the phone, when I be singin' this song
When gossin' was all that I could hear

Watch and learn, don't get in my way
Had to earn what I got everyday
Watch and learn, don't get in my way
Had to earn what I got everyday

Ohh ohh-ohh ohh-ohh ohh-ohh
Ohh ohh-ohh ohh-ohh ohh

Wait your turn
Bringing down a supernova
(Wait your turn)
Don't let them get in your way
(Wait, wait your turn)
Got to get there 'fore it's over
(Wait your turn)
Try not to get in my way

Even when I play, I don't play
Act like you only get the best of me
Hope got away then you'll see
That I'm gonna do what's right by me

Uh uh uh uh uh
Uh uh uh uh uh

Once you get a little taste, you can't knock it
Watch a shooting star takin' off like rocket
Sayin' what you say, I keep talkin'
Better hush ya mouth when I say

Wait your turn
Bringing down a supernova
(Wait your turn)
Don't let them get in your way
(Wait, wait your turn)
Got to get there 'fore it's over
(Wait your turn)
Try not to get in my way
Even when I play, I don't play
Act like you only get the best of me
Hope got away then you'll see
That I'm gonna do what's right by me
