

# Fantasy Island

M People

Gather round people I just dreamt of this song  
About all the World gettin' along.  
Human rights, no shallow graves  
Politician's speak the truth, no one's got AIDS.  
I look at a Muslim embracing a Jew  
Everyone's eating everyone's food.  
Free from diseases, ain't no Third World  
Love is the message, love is the word.

This is my island (island),  
My fantasy (my fantasy),  
My fantasy (fantasy).  
This is my island (island),  
My fantasy (my fantasy),  
My fantasy (fantasy).

There's a welcome mat at the centre of the earth.  
No sign of hate, a four-letter word.  
The children are playing in air you can breathe  
People got dreams, people achieve.  
Everywhere's music, sunshine and laughter  
We still feel the same the morning after  
Words in the air, love in the heart.  
This is my dream, a brand new start

(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)

Believe in me baby.

Say what have we got  
We got the power (we got the power).  
Got sixty seconds, got every hour (every hour).  
Say what have we got  
We got the power (we got the power).  
We are the spark to light the fire (light the fire).  
Got one blood, got one skin  
Got one soul deep within.  
Got a heart beating fast  
Got a dream got no past.

Say what have we got.  
This is my, this is my, this is my fantasy.  
This is my, this is my, this is my fantasy.

(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)  
(This is my fantasy)

(This is my fantasy)
