Dangerous

M. Pokora

Dangerous, dangerous, she's dangerous...

She's got an appetite that won't stop
The way that she's dancing should be against the law
She likes to show off her body
Act like the life of the party
And make it hard for you to keep her

And it's just a matter of time
'Fore it starts to play with your mind
She's supersonic (onic)
Her eyes are so hypnotic, yeah
I used to think that she was innocent

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous

She'll do anything for a good time
She'll break your pockets down to the last dime
She's so exotic (xotic)
And it's so amazing (mazing)
She's the perfect girl for any occasion

And it's just a matter of time
'Fore it starts to play with your mind
That girl is evil
Her love should be illegal
You'll get too close [?]

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous

Sebastian
Actin' all sophisticated
So new like you can't upgrade it
Can't hate it, eh eh eh eh
With the diamonds all in the ear (low)
Bluetooth all in the ear (ho)
Check how the story unfolds
You in VIP and she's schemin' up a plot
You're pushin' up the bottles
And she pushin' up her top
She [?] her stares, then whippin' through her hair
Then she shake her derrière, eh eh eh eh eh
You just thinkin' the draws might drop
But I'm just thinkin' she's countin' out your [?]
You feelin' at your shirt pockets like you been shot
But you really been got
Let's rock

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous

She's got the passion
That girl is dangerous
Better be careful
That girl is dangerous
You'll learn the hard way
That girl is dangerous
She's dangerous, dangerous
