

Bounce

M Row

Okay, okay
Okay, okay
(Beat it, beat it)
Okay, okay
Okay, okay

First time that we link, you know that you baited
Could've been patient, I shoulda' waited
I was too faded, buggin' and too activated
You wanted to rump, the picture you painted
She was too drunk, layin' up naked
Went back home, she text if I made it
I said I'm the munch, but I never ate it
Her booty inflated, please, point me to all of the thots
Bottles, bitches, liquor, shots
Shake it, shake it, down, squat
A-Ass too fat, in them jeans it's a lot
Cut on the fan, shit too hot
You know they show love when we up in the spot
Whine on the Glocky, she think it's the cock
The party don't end, it's like 9 o'clock
Freaky, dancin', you know she a Cancer
I'm in her ear, I need an answer
Blacker the berry, color of panther
Chop in my brief, so I'm keepin' my pants up
Like, damn, fuckin' my stance up
She bendin' over, she keepin' her hands up
Move out the way, let me transfer
She feelin' my pockets, she see that my bands up
I heard that you cuffin', she said that it's cap
That shit been a wrap, he was just tryna' slap
Told her, "Don't post on the 'Gram or the Snap'"
You know me in person, don't care for the app
Ass, fat, make it clap
Hit, hit, double tap
Likin' her smile, teeth got a gap
Lips look moist, her shits never chapped
She ask what I got, whatever you need
Xans, molly, liquor, weed
Yes, indeed
Lemme talk facts, I'ma pick up the speed
Get to the ground, get on ya knees
Big butt stallion, I'm climbin' that tree
'Salamu alaykum, she celebrate Eid
Know she gon' follow, I'm takin' that lead
Party won't end, might not ever
She here with her friends, they came together
While we in the corner, they all in the center
I'm likin' your skirt, say color magenta
Her friend wanna leave, told her, "Forget her"
She leavin' with me, I told her, "You better"
I'm applyin' that pressure, I need me some pleasure
She askin' the size, when you see her, just measure (Damn-damn-damn-damn)
Bounce, bounce
Came in the party, you know they announce
Bounce, bounce
I'm takin' her out, we gon' go to my house

Bounce, bounce (Bounce it)
Nobody gon' hear, I ain't here for the scouts
We fuckin', she yell, scream, shout
Now she gon' know what this dick all about

Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Bounce, bounce (Okay)
Okay, okay
