

Critical Thinker

M Row

(Grandma's little man)

(El Producer Paz)

Finger fuckin' the G, shit hurtin' my finger
The banger, the sounds got my ears on the ringer
Ousmon body folded like a futon, headshot made him a critical thinker
Word to bro, the opp BM was tellin' me to link, gettin' head in the V
, parked up with blinker
She wanna get drunk at the bar, we got Don in the car, sit down, bitch
h, I'm not a drinker
Tappin' my head, like, baow, like, please don't get shit mixed up
I don't care if you a day one, please don't say nothin' to me that'll
make go turn into Bishop
You better fix up, it's numerous victims
Like, either got shot up or got ripped up
Two for miss, stay fifty, two pick 'em
Nasi got flipped, don't move like a loafer
I wish we was closer, should've been in the poster
Like, wavin' the G with the shoulder
Shh got poked with the poker
He start keepin' it low-key, his body had a lil' odor
Neighbor, free Brown Fetty, the roller
We had opp thots tryna control her
Beatin' it down, want me to choke her
Face in the pillow, can't breathe out her nose
Saw B Rose, automatic throw
Word to bro, on live, he was makin' a show
When I went back home and saw that he was good
I was pissed 'cause I should've just got a lil' close
Long range shot, do better in the post
Turned shh to a ghost, murder all he wrote
Pressin' the buttons like it's a remote
When it's cold, keep it tucked, then I fly through the coat
Finger fuckin' the G, shit hurtin' my fi-
I'm tryna click on the chop 'til it break down
You hear the, you hear the bang sound
Where the fuck it you goin'? Nigga, this a chase down
Don't run away now
Everyone sleep, but this dude mad, he got everyone awake now
5ive drop lo', never cared
Had the opp nigga bean her ass up, face down
Tappin' my head, chest, spine
Terrell got hit in his back one time
Why the fuck is you rappin' this shit like you fine?
I would've got dizzy, you out of your mind
We givin' that belt to niggas' behinds
Whip, one by one in the lineup
I'm smokin' on **** and ****, they combine
I'm always outside, I'm never hard to find
