M Row

(Fall in love with you)  
(Was that Uzis?)  
(You)

Uh

How you say you in love but don't trust me?  
How you comfortable to even touch me, if you always think then  
I'm always fucking  
You confusing, you always gon' judge me  
But at the same time you be saying you love me  
When you feel like I cheat, you move funny, then see you be wro  
ng and then be buddy-buddy with me  
You making no sense, I don't think that you know how you really  
affect me  
I don't know the direction you tryna direct me  
But the way how it seem, it feel like you neglect me  
When people be saying to you all the rumors about me, you never  
protect me  
And you know the real, even when it's not true, you don't stick  
up for me or respect me  
If the tables was turned, I would've stuck up for you when they  
bring you up to me  
And the people that tell you this shit about me either did me o  
r they wanna do me  
And you take what they say and you judge me and think that they  
saying the truth and accuse me  
And you thinking you winning the argument whole time you not ev  
en knowing you losing  
From this day on, I promise whatever you gave me, I'm giving it  
right back  
I'm putting in seventy five, bitch, you only putting twenty fiv  
e back  
I'm just done overplaying my part with you, if you don't fight  
for this shit, I won't fight back  
Don't lie to your friends like you always do, say I'm the probl  
em, I really don't like that  
Fuck, why the fuck am I venting? The words that I'm saying don'  
t mean shit  
Everything that was told to you by me, you hear me, then hear o  
ther shit and believe it  
How you want me to see where you come from? My only question, d  
o you even see it?  
I don't know why I'm wasting my time, you can't be on my side,  
I'm a go, now I'm leaving
