

Flick

M Row

([?])

Word to my G, nigga, word to my deads

(Jelly on that)

Flick, flick, like

Like

We put fear in they heart

Let me start we the reason some bullets got put in they skin

Tyrell got shot on the store run flock, niggas tossed him, two for one tag w
ith his friend

Then niggas hopped through, screaming they got you, I'm mad 'cause they coul
d've just shot you again

Shot to the ground on the floor nigga fell hard, your health bar lower then
forty percent (M row, like)

Niggas know what I throw up the K to

I speak about drills I done did, y'all relate to

'Oos ma shot in his facial

Bullet was hot can't believe it ain't fatal

Hole in his head that shit look like a bagel

Can't flock back and he didn't have aim too

Personal, give me my space too

Refused to get tagged but get grazed by a stray too

Flick it, watch you not throw back

If he not tagged, word to bro I'm a go back

Ski, all black no Kodak

Hit him on vanish, pop out never roll back

Put a new opp on, please don't lack

Oh that's a broom U-turn so I drove back

Thot bitch, want her to throat that

Please keep on your pants, I want no cat

Free Good Day so the brodies can spliff him

Bro just ran in his cell tryna rip him

Like Sav, Ye, victim

I got the phone call after they hit him

Bro said pass of the G in the system

He did bad when he threw 'cause he missed him

When I saw B Rose I was mad, damn

When I saw B Rose I was mad I ain't kill him

Belt to the ass don't play with my ranking

Like really gave multiple spankings

Zay got tagged, I'm surprised he ain't packed up

Left on the floor like he planking

Blitz, both sides, flanking

I was mad that he lived, I hope god who you thanking

How you saying the F, what you banging?

Don't put your hand out, I'm leaving you hanging

Ye who the fuck you got shot with?

Go get back, word to bro, need to stop it

Where was your gun should've cocked it

Aimed it, seen a good target and flocked it

We mob through blocks, make it look like a mosh pit

Rainin' with bullets, not talking no faucet

Creep, lurking and watch it

Hop out flicking, he ducking and dodging

Word to bro, nigga
