

# I Already Know

M Row

(Jelly onnat)

I just hate that you never see when you be wrong and you never  
take up for your actions  
I don't like how you do tit for tat shit, seein' my energy and  
wantin' to match it  
Whole time, the reason I'm movin' this way wit' you only becaus  
e I just know you be cappin'  
Like, I know you still fuck wit' that nigga, you think I don't  
know and I promise I'm tapped in  
I started to realize the bond that y'all had in the past, it's  
just hard to fallback with  
I was the reason to leave him, you wanted to keep him, I know t  
hat y'all still got attachments  
Listen, I know the bond that y'all have might be good or whatev  
er, or just cool to remember  
I be tryin' my hardest to never be ten, if I say how I feel it  
might sound like a lecture  
You was talkin' from June, July, to August, but you cheated on  
me in September  
Ninety days straight I thought you was my girlfriend, went back  
to the nigga that been there forever  
You know it's still hard to move on 'cause you know you still c  
an't, it's hard to just leave him  
And you know if you hear somethin' happen to him you gon' hop u  
p and make sure you see him  
I know, I know before you had met him that he was the one that  
was there when you need him  
I know if I go through your phone and I look through the 'Gram  
he might be in your DM  
I don't know why you think you could play wit' me  
You probably gon' text him before you come lay wit' me  
Don't think that you havin' your way wit' me  
I hope you don't think that all of this shit is okay wit' me  
Why the fuck is you wastin' my time when you know you not ready  
, like what did you gain wit' me  
You be stutterin', lookin' away, when I ask you a question you  
cannot explain to me  
So you think that you matchin' my energy, whole time you just p  
rovin' my statement  
I've said it before, I'm a say it again, I'm not the nigga you  
play wit'  
We can just be friends wit' the benefits, we only talkin' for o  
ur entertainment  
Stop tryna act like you fuck wit' me, all that shit dead we don  
't got no relations
