

Luv Letter

M Row

(Jelly on that)

I wro—I wrote this about you, like...

I wish you could live in my skin
The love that you give me is real, unconditional
E-Everything with you organic and always romantic
You really original
You accept me for me and myself
Only thing you don't stand is I'm really a criminal
When you give me a kiss I just always be feeling it
And whenever you hurt, I'm the one that be healing you (M Row)

Waking up in the morning to go get some money
You coming right with me to get it
But you know I'ma blow it on you
I love seeing your face when you watch me spend it
I be buying you bags that's big enough
For me to hold any gun with the clip in it
Whenever we—uh, I just make sure
You know you the love of my life when I'm in it

I swear it be warming my heart
When I see that I'm making you smile on your face
Sometimes I be giving you space
I can really get clingy, I be loving you, bae (I love ya)
I'm doing the best that I can
To make sure I'm never just making mistakes
This type of love be the love
And no matter what, we not taking no breaks

I be doing whatever I can
Just to love you the way that you love me and more
I don't care about them niggas that had you
When I wasn't with you—like, that was before
Out in public you really a good girl
Under the sheet, bae, you really a whore
My personal slutter whenever I want you
To come dancing, got the ones on the floor

I swear you look better in person
I really could tell when I'm taking your pictures
I look back at my phone now
All the old videos of us whenever I miss it
I love how we sit in the crib and drink liquor
I'm drinking straight, but you know she a mixer
Before we lay down in the bed with each other
I grab on her forehead and kiss her—uh

I just wanna give you trust
I wanna give you love
You know that you my crush
I swear you always keep me up
I just love you so much
I just love to feel your touch
If you drown, I'll get a submarine to bring you back above
I'm addicted to you, and your love is like a drug
It's me and you against the world

I'm like the moon and you the sun
You can never be the two
You the only one
And I promise you it's nothing that can get between us

(Jelly on that)s nothing that can get between us
