

Mask On

M Row

Major, that's you?
Jabari on the be-

Two drills, one day, I'm keepin my mask
I spunned like twice and completed my task
Better go ask, you know how we get
Cause we itchin' to crash
Foreign, car, hunnid, dash
Shit's so fast, we be spinnin' like Flash
Cut down the block, tryna see who we catch
If we see lil shh, it get lit like a match

Like, why would I lack?
Nigga buggin' if he think I'm lackin'
Always outside, prepared for the action
Bullets straight man-hunt, watch how they catch em'
Send the opps treats for the distraction
Then I pull up all black and then clap em'
Why would I lie? I ain't with the cappin'
Niggas ain't sweepin', them niggas be actin'

You jackin' the what? I'm burnin' the broom
38 Special gon' shake up the room
Like, bitch, come in tune
Came in the mornin', we fuckin' till noon
She really a thot, she ain't take off her shoes
When I'm on the block, gotta stay with my 2
In love with that guap, I be stackin' em' blues
Since I was a youngin', been breakin the rules

What's that in the clouds? everything smokey
Caught lil Shh, got hit with the pokey
Can't talk too hot, everything lowkey
Only catch dubs, it's just give us our trophy
Pop out the cut, with the .G like hold these
Now his soul in the air, leave him Holy
You say that you tough, nigga, you gotta show me
Late night, spin by my doley
Cause, I do not need me no coldies

Bullets gon' hit him, they killin' him slowly
They sayin' whatever, them niggas don't know me
Smokin' this pressure, this shit is odee
Soon as I wake up, smoke me a blunt of that Tony
Whole lotta deads, we can mix it
Beam on his head, we ain't missin
Spin both ways if we blitzin'
Shoot up the spot, where they chillin?
