

## Ready Or Not (PT 1)

M Row

(EJay, turn that up)  
(Jellyy Onnat)

R-ready or not? Let me just tell y'all a story about niggas just spinnin' my block  
And they missed every shot, I wasn't on point, had my gun in my pants, so I ain't get to flock  
Gotta work on my quick draw, shit got me pissed off, but nobody hit so I know it's the opps  
K-KG was moving suspicious right after the flicking, he thinkin' that I'm giving the drop (M Row)  
In his head, he just think it's a setup, he keepin' his head up, not makin' it hot  
He go on his phone and he tellin' his mans that he gonna be back by like seven o'clock  
He tell me he leavin', he order a cabbie, he said I'ma hit you when I get to the spot  
He hop in the car, now he puttin' together the backdoor sittin' alone, tryna plot  
He get to the hood and just tell everyone to go suit up, 'cause M Row just set up the line  
Niggas threw shots, he ain't send no shot back, he had his gun, but ain't use it on time  
I could tell that he put that together, he gave me a sign, he gotta be out of his mind  
Now he tryna get back, he tellin' his bros, "I'ma show niggas how I just really get slime"  
H-he call my phone tryna say that we out to the stu, so I'm thinking that everything fine  
I tell him, "Bet"  
I send him the addy and said you can come around eight or like, nine  
He like, "Cool", they start getting ready and hop in the ride and just text me like they about to slide  
Alright, say that, I'm already here so just blow up my phone when all of y'all niggas outside  
  
I-I hit my savages, I had to call Nannie first and tell him how Rowski had lined me  
B-brodie was blackin', the whole time I'm telling him, he really tight he wasn't right beside me  
But everything cool, it's a meaning behind Blue Slime and my 48 really wocky  
I-I'm in here rollin', tell 'em get the session, as soon as spot him, he gon' meet this Glocky (Let me put y'all on)  
Rowski had hit me one day and he told me pull up to his block  
Nigga, that's my savage, so why not? Let me grab my niggas, I know he got opps

They right up the block and something had told me not to go cause I'ma end up getting shot  
As soon as I get there, niggas pull up and start throwing and they almost took off my top  
Then I get to thinkin', Rowski set me up, then I hit the Troops and told them, "Ready up"  
We get to the session, jump out every truck, now this is where we get to the heavy stuff  
I-I approached Rowski and back out my glee, "Like you know how I'm comin', give everything up"  
And I had to tell him, "The next time you try some funny shit, then make sure niggas send me up"  
I know it's a plot twist, but we gotta show them my timin', I told Rowski give me his chain and his watches  
I-I thought we was cool, why you tried this, now I gotta show you what Blue Slime is  
And Rowski telling me, "You got it, but it's not over, you better keep knockings"  
But you know that I'm never hidin', in part 2, we gon' see what the time is
