Legs in the air, go down, I'ma eat it  
After I'm done, I'ma get in between it  
Let me just show you I know how to treat it  
Don't keep it classy, I love when you nasty  
Where you goin'? Why you walkin' past me?  
Attitude, I like how you sassy  
I like your voice, I just love how it's raspy  
All in my ear, I can't hear what she asked me  
I'm tryna tell you how much you attract me  
Every time when I drive, she shake ass in the back seat  
Bitch, like, you tryna distract me

Like, she keepin' her balance  
Love how she do it, she think it's a challenge  
She 5'11", to me, she a stallion
