

## Big Boat

M. Ward

Well, he says he's got a big boat  
A high roller  
And everybody knows its name  
Oh, it's a big boat and it pumps up the poor boys pride  
Says he's got a big boat, but it's just a fairy boat and  
that makes for a short, short ride

Says he's got a big boat  
A wide load  
Enough to bring the party down  
Oh yeah a big boat,  
It ain't no carnival cruise  
Says he's got a big boat but it's just a fairy boat,  
enough to fit an extra one or two

Says he's got a big boat, but it's just a fairy boat and  
that makes for a short, short ride

Says he's got a fast boat, talk about high speed  
But everybody knows the truth  
Oh hey, a big boat  
Get your oars back in the water, kid  
Says he's got a fast boat, but it's just a fairy boat it  
ain't to faster than a goldfish

Says he got a big boat but it's just a fairy boat and  
that makes for a short, short ride
