Fool Says

M. Ward

hey, i ain't never met anyone like you before
i ain't never met anyone like you before
i thought all the good ones were gone
you're here to tell me i was wrong

hey, you ain't never met a fool like me before
you ain't never met a fool like me before
they told you all romantic fools had died
i'm here to tell you that they lied

you can't be always right my friend,
come on and tell me i got it wrong again!

hey, i ain't never seen anything like this before
i ain't never seen anything like this before
i thought all the mystery was gone
you're here to tell me i was wrong

you can't be always right my friend
come on and tell me i got it wrong again

hey, you ain't never met a fool like me before
you ain't never met a fool like me before
they told you all romantic fools had died
i'm here to tell you that they lied
